Portugal is a country that has the rare characteristic of having territories in three continental plates: Continental Portugal in the Euro-Asian, Madeira in the African, Azores in the North American. (thanks to "its sea", our small country is actually the one with the 10th largest Exclusive Economic Zone (EEZ) in the world). And it is in this immense maritime territory that we choose three fish caught in the three submarine continents for our assortment of Portuguese Sea fish.

"I have always had a special fascination for Asia, a continent that I visit frequently, often using Singapore as the gateway. Here I like to go through the markets and the street food stalls, savoring what the locals eat in their daily lives and discovering new recipes and ingredients. This was the inspiration for the dish "My day in Singapore's food market", in which I recreated some of the flavors that most enchant me in Asian cuisine, such as lacquered meats, fried rice and tropical fruits".

"Pastel de Nata is the most famous gastronomic treasure of Lisbon and Portugal, which is often enjoyed with the company of an espresso, "bica" for Lisboaetas. In this dessert I want to pay tribute to this gourmandise that I can't resist. While totally different from the original version, "my" Pastel de Nata still has all the flavors of the traditional one, and also that of its faithful friend, the bica."
